NON-STOP DOGWEAR SAFETY GUIDELINES

Thank you for purchasing this Non-stop dogwear product. We highly appreciate your choice and wish you lots of pleasure using this product.

These safety guidelines must be carefully read and clearly understood. Keep this safety guidelines for the future.

As Non-stop dogwear cannot control the quality of products sold by unauthorized sellers, including unauthorized Internet sites, this safety instruction applies only to products that were sold by Non-stop dogwear or a Non-stop dogwear authorized retailer, unless otherwise prohibited by law.

Non-stop dogwear advises the correct use of the products: Therefore always follow these safety guidelines to ensure correct use of the products both for dogs and for humans. The warning symbols inform you of some potential dangers related to the use of your equipment. Only certain techniques and uses are described. Check nonstopdogwear.com for the most up-to-date information. Any misuse of this equipment could create additional danger. Contact Non-stop dogwear if you have any doubts or difficulty understanding these instructions.

WARNING

By using this product you accept and understand all the conditions, warnings and the use of the product might bring both for you and for your dog(s).

You alone are responsible for correct use of the product. It is your responsibility to use the product correctly and to make sure that the product is the right size for your dog taking into account the dogs physical measurements, the dogs weight and the weather conditions when using the product.

Incorrect use can lead to serious damage or even death.

The dog should never handle the product without supervision by the owner or another responsible adult. Dogs are, as a common rule, not able to understand risks or to avoid dangers. Therefore, dogs must never be left alone with any Non-stop dogwear products including, but not limited to, packaging at any time.

The risk of products being eaten by dogs or in other ways harming the dog is highly expected and must be prevented by making sure that the dog is not handling or left alone with products without adult human supervision.

Using Non-stop dogwear products will give an increase of excitement to the dog for activities. This in turn can cause a greater risk of danger to children. To reduce the risk of danger, make sure the dog is always under control before activity with children. Therefore, make sure that the eagerness of the dog does not endanger other humans or animals.

The product must not be used in other situations or conditions than those they are designed for.

If the product is bought second hand, you can never trust the product to fill its purpose and Non-stop dogwear will not be responsible.

The product must be inspected before and after each outing. The product shall not be used if the product is damaged due to misuse or excessive use, accidental damage, alteration or modifications to the product, or neglect, negligence, or improper care.

Dry the product thoroughly after each outing and store it in a dry, cool place out of direct sunlight and follow the care instructions specific to each product.

All use of Non-stop dogwear products in contradiction of the above described instructions are unacceptable and might be a threat to humans and dogs health and life.

Non-stop dogwear will under no circumstance have legal liability or legal responsibility for the use or the misuse of the products.

EN COLLARS

BEFORE USE

Read the safety guidelines for Non-stop dogwear products carefully.

All kinds of use of Non-stop dogwear products in contradiction of the safety guidelines are unacceptable and might be a threat to humans and dogs life and health.

- It is essential to use the correct size that fits well.
- Make sure that there is no damage to the collars.
- Make sure there are no deformation or weakness of the collars.
- Ensure that the collars are dry, clean and is not visibly worn, stretched, or harmed.
- Ensure that all straps are correctly fastened and properly adjusted to the dog before use.
- Make sure that the temperature is not too warm or too cold before each outing with your dogs.

DURING USE

If deformation is detected on the collars, or any other malfunctions of the collars are detected the collars must not be used.

If cuts or other injuries are found at the collars, the collars must not be used.

AFTER USE

- Clean and dry the collars.
- Check if any weaknesses or damages has occurred.
- Store the collars according to the description on the website and due to the safety and security guidelines.

WARNING

This Non-stop dogwear product is designed for use by dogs only.

Challenges and threats that might occur when using the collar:

- Use of the collar not in accordance with the safety and security guidelines might cause injuries.
- Injuries can occur when wrongly used f.i too loose or too tight collar.
- Injuries can occur if the collar is used for other purposes than it is made for.
- The collar might cause suffocation if used incorrectly.
- Running with the collar in the woods or at glaciers can lead to injuries.
- The collar is not designed to protect you or your dog when climbing or parachuting.
- The collar must not be used in extreme situations.
- The collar is not to be used while playing with another dog.
- The collar is not to be used when the dog is staying home alone.

LIFE SPAN AND REPLACEMENT

The life span of the product mainly depends on the type and frequency of use as well as on external influences. Some factors that impact the life span will not be visible, if you don't know the history and exposure of the collar to environmental and chemical factors (petroleum, oils, lubricants, acids, etc.). When approaching the durability limits or latest at the end of the maximum life span indicated, the product must be removed from use. See figure 3 for estimation of life span for your product.
